

EMS Ship Supply

Spain, April 2010

NEW COLLABORATION AGREEMENT

EMS Ship Supply has entered into a collaboration agreement with Dansupply A/S for deliveries to both EMS Ship Supply's and Dansupply's worldwide customer portfolio in Danish territory.

Dansupply reaches all Danish ports as well as the ports of the southern parts of Sweden with the business segments offshore, fishing, cruise-ferry, reefers, navy and tanker vessels. It is well known for its outstanding flexible services to vessels trading in and out of the Baltic Sea, assisting with supplies as well as agency services relating to the timely delivery of owner's spare parts and handling of crew changes.

EMS Ship Supply is a diversified maritime services group. With branch offices in 17 countries it is the world leader in ship supply and serves the merchant, cruise and ferry fleets, fishing vessels, military customers and offshore facilities around the world.
